# About 3GT Reading Series

---

3Girls Theatre's (3GT) Reading Series supports emerging San Francisco playwrights who have been historically excluded from having their work produced: women over 40; Black, Indigenous, and women of color (BIWOC); and LBTQI+ women and artists assigned-female-at-birth. We provide everything a playwright needs to succeed, including paid dramaturgs, directors, casts, performance venue, and marketing support.

---

**3Girls Theatre Company** develops, promotes and presents new plays by women+ playwrights in their prime!

Less than 30% of new plays produced by the American mainstream theatre establishment in any year are written by women. 3GT was founded in 2011 for the express purpose of challenging the cultural bias that favors men's voices over women's on stage. We're proud to be one of the very few theatre companies in the nation that develop and present only plays written by women+.

3Girls Theater company is located on the territory of Yelamu, today known as San Francisco, the ancestral and unceded land of the Costanoan-speaking Ramaytush Ohlone people. 3GT recognizes that, as the original stewards of this land, the Ohlone people understood the interconnectedness of all things and maintained harmony with nature for millennia.

As Bay Area residents, we recognize that we benefit from living and working on the Ohlone traditional homeland. We wish to pay our respects by acknowledging the Ancestors, Elders and Relatives of the Ramaytush Community and by affirming their sovereign rights as First Peoples.
