About the Plays

A frustrated superhero has decided that saving the world can wait. Will she join forces with her nemesis? Ponder a possible god complex? Or will Salus ultimately save the universe—one of them anyway...

Siblings Jupiter, Neptune, and Pluto have gathered for the reading of their fathers will. When oldest son and serial harasser, Jupiter, tries to postpone the reading of the will to protect himself and the family by unleashing a horrible truth, the siblings are forced to confront a legacy of sexual abuse and complicity.

About 3GT Salon Series

Salon Series Program Director

Pamela Hollings

3Girls Theatre invites Bay Area women playwrights 40+ to apply to join the Company as Brady Fellows. Brady Fellows and company member playwrights each work with a dramaturg, director and cast to develop and stage a play through the Salon Series. The annual program offers artistic support, commitment and community to women theatre-makers who share our passion for bringing stories told by women to the stage.

3Girls Theatre Company develops, promotes and presents new plays by women playwrights in their prime!

Less than 30% of new plays produced by the American mainstream theatre establishment in any year are written by women. 3GT was founded in 2011 for the express purpose of challenging the cultural bias that favors men's voices over women's on stage. We're proud to be one of the very few theatre companies in the nation that develop and present only plays written by women.
